

**ACCURATE
ELECTRONICS**

“Accurate Electronics is a provider of comprehensive Electronic Manufacturing Services (EMS) including PCB Assembly, Box Builds, and Supply Chain Management. We manufacture superior quality products for our world class OEM partners in market segments including Aerospace, Defense, Space, Automotive, Medical Instruments and Industrial Controls. Our management system certifications – AS 9100, ISO 9001, ISO 13485 and NADCAP demonstrate our commitment to operational excellence and continuous improvement. Accurate Electronics remains at the forefront of technology through investment in new state-of-the-art manufacturing equipment. When we recognized the need to upgrade our inspection equipment, our team evaluated several leading AOI vendors and selected MIRTEC’s MV-6 OMNI 3D AOI Machine. This machine has greatly contributed to our solder verification process and overall quality improvement. The ease of programming and user-friendly software interface along with MIRTEC’s excellent customer support have made this machine a valuable addition for Accurate Electronics.” Fred Jadali, President
