

MIRTEC

"Dynamic Source Manufacturing is a High-Quality Global EMS provider proudly serving the communications, energy, industrial, automotive, security & defense, and emerging technologies markets for over two decades. As part of our ongoing commitment to continuous quality improvement, DSM recently purchased a MIRTEC MV-6 OMNI 3D AOI system. We are extremely pleased with the defect detection capability, intuitiveness, and ease of programming of this advanced inspection system as well as the excellent customer service we have received thus far. DSM is thrilled to partner with MIRTEC in pursuing our Industrial IoT and high-quality manufacturing goals. We are confident that this partnership will benefit our customers for many years to come."
