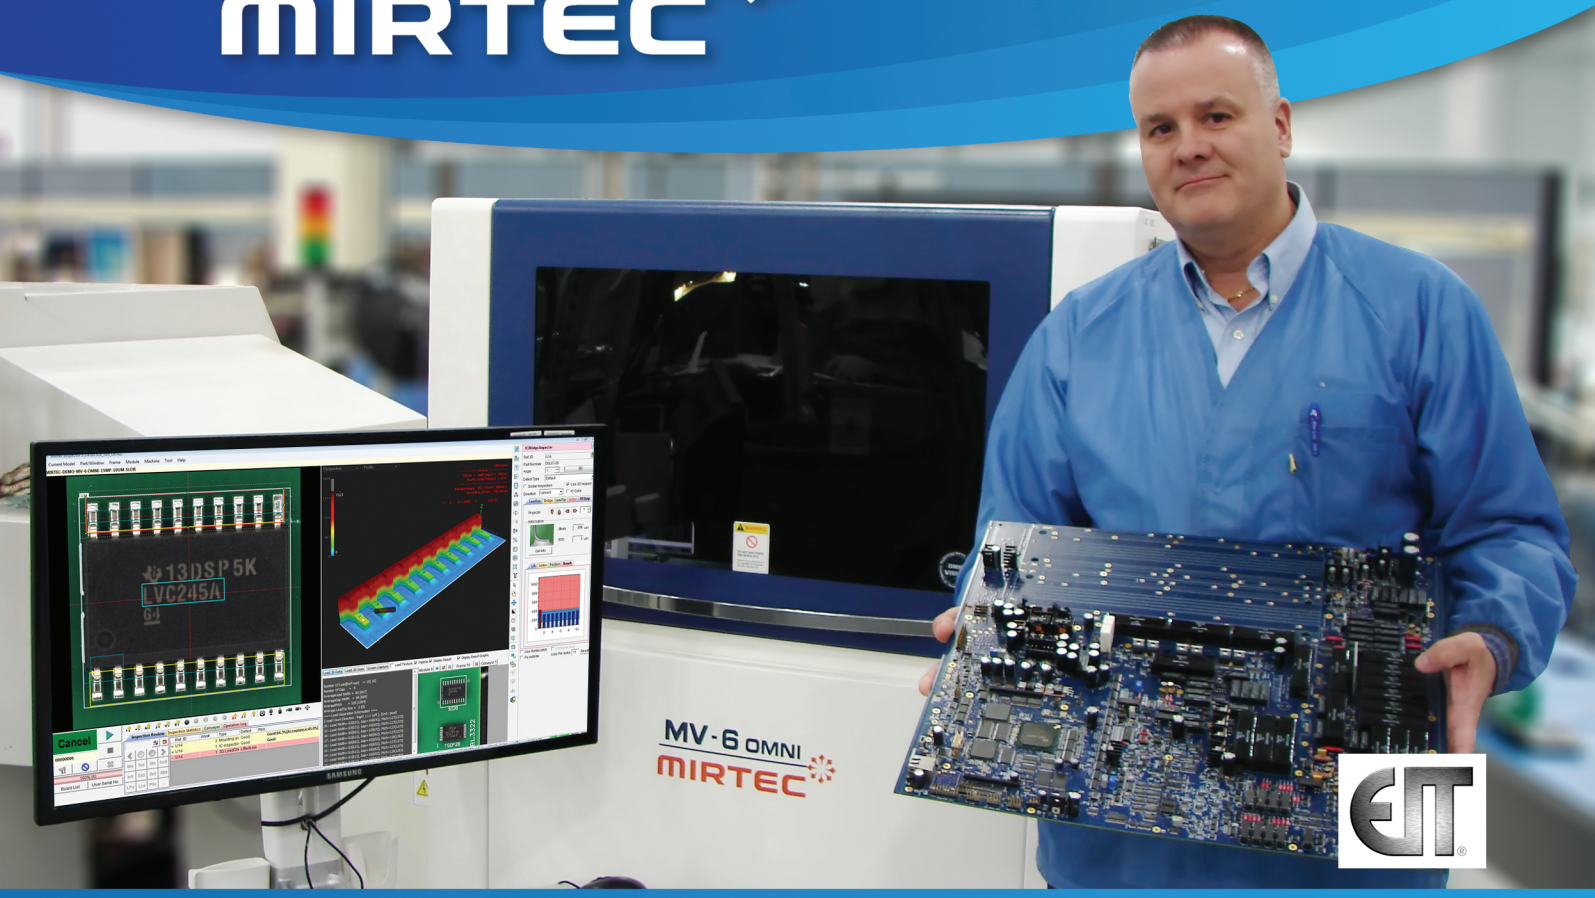
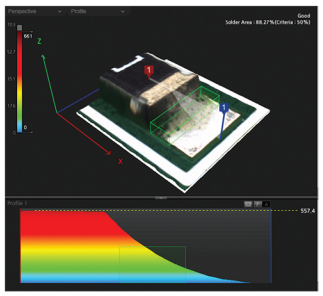
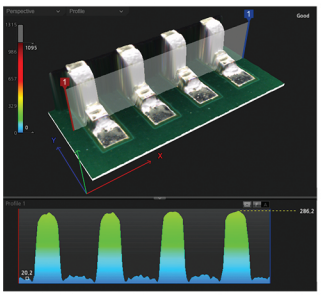
MIRTEC



"EIT, provides high quality manufacturing and box-build assemblies to our customers in the medical, industrial, communications, defense and aerospace markets. Our company is certified to AS 9100, ISO 13485 and ISO 9001. As part of our continuing process improvement initiatives, we have implemented MIRTEC's MV-6 OMNI 3D AOI system into our manufacturing process. The performance and defect detection capabilities of this system have proven to be outstanding! We are very pleased to have MIRTEC as a partner in our manufacturing processes." - David Faliskie, President and COO





- **OMNI-VISION® 3D Inspection Technology**
- **15 Mega Pixel CoaXPress Camera Technology**
- **10 um Telecentric Compound Lens Design**
