

“OSDA has always had the ultimate goal of obtaining real-time SPC without sacrificing efficiency. We evaluated several AOI vendors and partnered with MIRTEC. Our AOI machines are in line, after reflow, enabling us to achieve our goal of real-time SPC as well as improved quality and efficiency.”

George Grom, V.P.- Technology and Engineering

ADVANCED TECHNOLOGY

- ▶ MV-7xi Five Camera In-Line AOI System
- ▶ Exclusive 10 Mega Pixel ISIS Vision System
- ▶ Precision Telecentric Compound Lens Design
- ▶ Integrated Intelli-Scan Laser Inspection System
- ▶ Extremely Simple Programming and Operation
- ▶ Unsurpassed Defect Detection
- ▶ “World Class” Global Customer Support
