

VEXOS
Local Service. Global Capabilities.

“VEXOS is an Award-Winning Global Electronics Manufacturing Services (EMS) Company providing complete Supply Chain Management Solutions for OEMs and New Emerging Technology Companies. We continue to invest in new technology that will add value to our business and allow us to keep up with industry trends toward increased PCB density and miniaturization of electronics packaging. VEXOS recently performed an extensive evaluation with three top 3D AOI manufacturers based on key performance indicators including: Inspection Performance, Gage R&R, Ease of Programming and Operation, and Customer Support. We selected MIRTEC as our 3D AOI ‘Partner of Choice’ for our manufacturing facilities in both Markham, ON and LaGrange, OH. Our MV-7 OMNI 3D AOI machines provide exceptional performance and extremely consistent defect detection with minimal programming time, and MIRTEC’s Customer Support has been second to none.” Brian Morrison, Vice President of Engineering
